

E-Beam leads you to the next stage

FREE  
7/14(Fri)

# ELECTRON BEAM TECHNOLOGY SEMINAR

Organized by NHV Corporation Japan

NHV Corporation is a leading supplier to have installed highly-advanced electron beam processing system (EPS) in more than 30 countries worldwide. Electron Beam (E-Beam) technology will make a significant contribution to the innovation of the new process in a variety of applications such as cross-linking of high-polymer, curing of the paint, graft polymerization, disinfection/sterilization treatment, etc.

Assoc. Prof. Okubayashi playing active roles in the fiber field will explain the basic application of E-beam especially in fiber industries.

We are more than happy to work with you by providing our technology and experiences accumulated more than half a century. We look forward to meeting you in this specially organized seminar.

2016

7/14

Fri

10:00-16:00

(Reception starts at 9:30)

Location

NTUH International Convention Center

No. 2, Xuzhou Road, Zhongzheng District 101, Taipei City

Admission fee

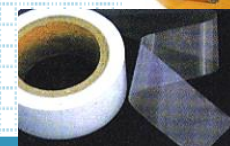

Free seminar with lunch

How to contact

Please kindly fill out an application form shown on back side and return by FAX or E-mail. The due date will be until 6th July, 2016.

Capacity : 30 people

(We will stop accepting applications once all the places are taken)

Time	Seminar Contents
9:30~10:00	Reception
10:00~10:10	Introduction & Greeting
10:10~12:00	<b>Lecture 1</b> <b>Effect of E-beam on polymer and application in fiber industries</b> Kyoto Institute of Technology Assoc. Prof. Satoko Okubayashi
12:00~13:10	Lunch break Show around display about the E-beam and treated product
13:10~14:50	<b>Lecture2</b> <b>Structure of EPS and Introduction of Industry application</b> NHV Corporation Doctor Yasuyuki Okumura
14:50~15:00	Closing Session
15:00~16:00	Show around display about the E-beam and treated product

※There is the case that the contents are subject to change without notice. Please kindly noted.

# Electron Beam Technology Seminar

## Application Form

■ Please kindly fill out the below format and send by FAX or E-mail.

■ FAX : Taiwan : (02) 2555-0084

Japan : +81-(3)-5821-0380

■ E-mail : eb-glsemi@ml.nissin.co.jp

Participant Name		E-Mail			
Mobile		TEL		FAX	
Company Name		Division		Position	
Address				Lunch	<input type="checkbox"/> Normal <input type="checkbox"/> Vegetarian
